### Parent, Teacher Conferences Planned

As the first quarter of the school year ends, teachers at both the elementary school and high school campuses are holding conferences with parents to discuss their students' academic progress.

If your child is at the elementary school, you should receive a letter with the dates and times of your scheduled conference. If you have not received this information by November 3, contact Ms. Pace at 2207.

Due to the conferences, there is no school for elementary students on either November 6 or 7.

Conferences at the high school, are November 7. Teachers are available in the HS gym during the following hours: Session I, 10am to noon; and Session II, 12:45-2:30pm.

If you have a student at the high school, please come to the gym during these times. You can pick up your child's report card and talk to all of his/her teachers. Teachers will be available at individual tables or in nearby rooms so that they can use their computers to show student progress.

There is no school for high school students on 7 November. If you have any questions about the high school parent-teacher conferences, call Ms. Ortiz or Ms. Warren at 3500.

### Box Tops For Education

Earn money for your child's school by collecting boxtop labels for Boxtops for Education. It's easy - just clip, save, and drop off at the NEX or at the elementary school office. Please be sure to include your child's teacher's name on the bag so they receive credit for the donation.

Our goal this year is 1,500, which would mean each family needs to collect and turn in 12 boxtops each month. Together, we can do it!

### DRMO Turn-in

DRMO representatives are on island through Friday, Nov. 7. For an appointment to arrange material turn-in, call Bob at DSN 469-2233.

# GTMO Hosts Annual Pumpkin Patch and Haunted House

Cloudy skies and the threat of rain did not prevent the annual Pumpkin Patch and Haunted House event held at the Paintball Range on Friday and Saturday from experiencing a great turnout of monsters, insects, superheroes and proud parents.

The selection of pumpkins was superb. There did not seem to be a bad one in the bunch, making it difficult for many to choose

which one to take home.

This year, the combined efforts of COMNAVBASE Senior Petty Officers' Association (SPOA), PWD-Seabees, Naval Hospital SPOA, COMNAVBASE Junior Enlisted Association, MWR, Girl Scouts and Boy Scouts ensured the success of the event.

See more "spooktacular" Pumpkin Patch photos on page 6.

## TSP Open Season ends Dec. 31

### From Chief of Naval Personnel Public Affairs

Sailors interested in contributing to the Thrift Savings Plan (TSP) can sign up now. The open season began Oct. 15 and runs through December 31. Those already enrolled can increase their contributions up to the allowable level.

TSP works much like a civilian 401(K) savings plan, where pre-tax dollars are invested to provide retirement monies for Sailors. Taxes are deferred on TSP contributions, meaning no federal (and in most cases, state) income taxes are paid on contributions or earnings until the money is withdrawn, usually at retirement when many are in a lower tax bracket.

Contributions to TSP can range from as little as one percent to eight percent of basic pay in 2003. Bonus, special or incentive pay may also be contributed, up to the \$12,000 IRS tax limit permitted this year. For those serving in a combat zone, the current ceiling for contributions is \$40,000. Basic pay contribution limits increase through 2006 when TSP contributions will be limited only by IRS rules.

TSP investments may be directed to any of five different funds, which vary in risk and investment mixture. The five funds are: government securities investment (G fund); fixed income investment, common stock index investment, small capitalization stock index investment and international stock index investment.

Contributions are initially directed to the G fund. Sailors can then redirect their investment once the account is active.

Sailors can transfer any amount of money into the TSP from certain qualified retirement savings plans in which they are already invested.

TSP account balances are transferable to an eligible retirement plan if a Sailor leaves the service. This option makes TSP an attractive investment whether someone serves four or 30 years.

"TSP is an outstanding opportunity for Sailors to provide for their financial future," said Chief of Naval Personnel Vice Adm. Gerry Hoewing.

For more information on TSP, click on <http://www.tsp.gov>.

## NEX's Last Cuban Commuter Retires

After 47 years of service, the Navy Exchange's last Cuban Commuter, Mr. Rene Cisneros is retiring.

Recently, the NEX hosted a retirement luncheon for Mr. Cisneros. Naval Station's Commanding Officer, Capt. Les McCoy, Executive Officer, Cmdr. Rick Holt and NEX Manager, Don Mohlman were in attendance to congratulate Mr. Cisneros on his retirement and to thank him for his dedicated years of service.

A retirement ceremony is scheduled at the Northeast Gate November 14 at 1:30pm. Transportation is being provided from the Downtown Lyceum to the Northeast Gate. Buses leave at 1pm.

Mr. Cisneros is retiring to his home in Guantanamo City, Cuba where he resides with his family.

## Adopt a Service Member for the Holidays

Ah, the holidays! A time of joy and merriment, sometimes coupled with holiday stress and strong black coffee. It's giving and receiving and most importantly, it's a time set aside annually to enjoy family togetherness. But what happens when the family can't be together?

The absence of family members and loved ones is deeply felt at times of celebration. Memories of Grandma's cornbread stuffing, Dad's great birthday surprises, or the gathering of family members over the winter holidays live forever as those days are commemorated each year.

But military life often means being separated from those you love while holidays, birthdays, and other special occasions continue to show up on the calendar.

Luckily, many residents of GTMO have their spouse and children to celebrate special events with making the absence of other family members and friends less depressing.

However, what about those who don't? The upcoming holiday season can make many feel the "winter" blues, even when it's 85 degrees and sunny outside.

This year, to combat the loneliness that

some single and unaccompanied service members may feel during this time of the year, the base chapel is coordinating an Adopt-a-Service Member Program.

Volunteers are being sought who would like to open their hearts and homes to single/unaccompanied service members for Thanksgiving and Christmas dinners.

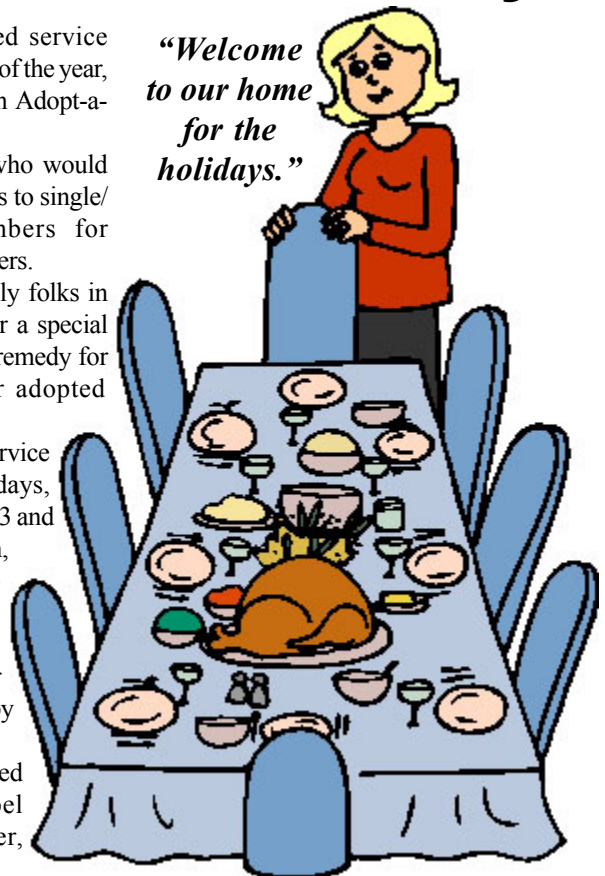

Chances are you're not the only folks in town who can't make it home for a special occasion. Reaching out is a great remedy for the homesickness you or your adopted service member may be feeling.

If you would like to adopt a service member for either or both holidays, contact the chaplain's office at 2323 and provide your contact information, which holiday you are available to host and how many sailors or soldiers you would like to host.

Final numbers of volunteers for Thanksgiving will be put together by the end of next week.

This event is being coordinated in place of the previous chapel sponsored Thanksgiving dinner, which will not be held this year.

*"Welcome  
to our home  
for the  
holidays."*

# November Celebrates the Military Family

November 1<sup>st</sup> kicks off national Military Family Month, a national month of thanksgiving, honoring the sacrifices and service of our military families.

Roots of the celebration date back to 1983, when former First Lady Nancy Reagan offered to serve as host for nine families, including at least one military family. The annual event evolved into Military Family Week and then Military Family Month, sponsored by Armed Services YMCA since 1995, to give commands, service members and the general public an opportunity to recognize the importance and contributions of our military family members.

The following is a letter from the Navy's Senior Enlisted Advisor, Master Chief Petty Officer of the Navy Terry Scott to all Navy families:

*"To all Navy families,*

*I'd like to personally thank you for the superb support you continue to give our Sailors, enabling them to complete the Navy's mission. Many of you make sacrifices in support of your Sailor's service to this country, and it's important for us to recognize the contributions you make to the Navy. Your dedication and commitment makes a huge difference in the lives of many!*

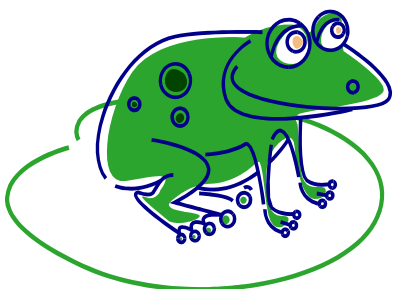

*It is no small job being in a Navy family. Even though there is no official financial compensation for being a family member of a Sailor, it is one of the Navy's most important support jobs. That is why I am so pleased to recognize and commend you for the tremendous contributions you make to our Navy and our nation.*

*I am sure I speak for all Sailors when I say thank you. Thank you for your understanding when duty keeps us apart. Thank you for supporting us when times get tough. But most of all, thank you for your love and support that give us the strength to serve.*

*Sincerely,  
Terry D. Scott"*

## Get a Jump on Development

Parents or guardians of children ages 3 to 5 can learn about their child's development. Ages and Stages questionnaires and early childhood assessment forms, are available at the CDC and the Elementary School. Please return forms by October 31.

The questions and scoring are reviewed within two weeks after returning the completed form. Additional useful information on child development in your child's age range is provided. If you have any questions or concerns, contact Linda Fahey at the W.T. Sampson Elementary School, 2207.

# The Halloween Scene

It was quite a scream!

The "chest of drawers," (above left) complete with lamp, alarm clock and unfolded clothes took the prize for most creative. The baby "devil" (above right) beat out all the others in the cutest costume category. The trophy for the scariest costume went to the Cat in the Hat Skeleton costume (left).

Below: Perhaps they should have called to coordinate, but then again, you can never have too many princesses.

Above: Bob the Builder was on hand to fix any broken pumpkin stems. Above right: SPOA volunteers manned the patch and handed out goodie bags to all tiny tots. Below: Many thought this beautiful angel might win for the cutest costume, but the baby devil had other plans. Right: "Hands off! This one's mine!" There were many perfect pumpkins to be found in this year's patch.

**Trick or Treat Hours  
for Oct. 31st are  
6 to 9pm**

***Congratulations to Reef Raiders on winning this years' "Great Pumpkin." They plan to decorate the pumpkin and then sink it so people can see it and have photos taken with it during their SCUBA Olympics event in November.***

# Riding Away From Drugs

**GTMO Community Supports a Drug-free Lifestyle During National Red Ribbon Week**

During National Red Ribbon Week, the GTMO community gathered at the Downtown Lyceum for a bike-a-thon. Bikers, big and small, wanted to show support for living a drug-free life. Each bike and biker were subject to a safety inspection prior to the event. Participants were also encouraged to decorate their bicycles with bright red ribbons.

## GTMO Taekwondo Celebrates Second Anniversary

**Submitted by PCC Matt Brittle**  
*Taekwondo Head Instructor*

October 15 marked the second year of continued service of GTMO Taekwondo onboard the Naval Base. The group was established and began providing the Korean Martial Arts of Taekwondo in 2001.

In the past two years, the program has made a huge impact on the base in the form of providing a well disciplined and respected form of physical fitness along with mental discipline which service members have come to admire during their tour on the base.

This form of physical and mental martial arts has assisted service members in reaching goals to better their physical readiness scores, and in better handling stressful times throughout their tour. It is an avenue that many people seek, and once they are introduced to the art of Taekwondo, they come to realize a balance in life they have not yet experienced before.

The GTMO Taekwondo program has an established curriculum that is compatible to all the well-known and highly accredited Taekwondo studios stateside. Not only do students receive the great benefits of physical and mental training while here at GTMO, but they are also able to take their training and certifications back to the states and continue at other studios.

If you want to learn more about GTMO Taekwondo come watch the group perform during NEX/MWR Customer Appreciation Day this Saturday. The group will perform demonstrations of self-defense, broad breaking and a basic workout. A video, photo and literature display is also planned. The demonstration will end with a cake-cutting event to celebrate the two years of great success for all the students who have trained here.
